KN95 Particulate Respirator
(Disposable Mask)

HAITE PROTECTS
Over 95% effectiveness in filtering non-oil particles

Product Specifications

- Haite KN95 masks have over 95% effectiveness in filtering non-oil particles. For use primarily for respiratory protection against non-oil particles, such as those from sanding, sawing, grinding, sweeping, bagging, and certain other substances. The inner and outer covers of Haite KN95 masks are constructed from spunbond nonwoven fabric. Melt-blown nonwoven is layered between the inner and outer covers.
- The ear loops are made of polyester elastic which is attached to the mask. The inside nosepiece is a polypropylene foam with an aluminum strip for shaping. For single use only.
